

MASTERCLASS

Fetal Diagnostic Interventions

27 April (Sunday)

8.30 AM – 5 PM

Hotel Marigold, Hyderabad, India

Fernandez Hospital
Educational & Research
Foundation

Join a high-impact, **hands-on workshop organised by FHERF**, featuring India's leading fetal medicine experts. Designed for clinicians looking to enhance their diagnostic skills, this exclusive training offers in-depth learning through expert-led discussions, simulations, and case studies on fetal diagnostic interventions.

What You Will Learn?

- Proper technique of needle sighting—an introduction
- Ample hands-on time on simulators
- Difficulties in technique addressed
- Didactic lectures for specific procedures

Workshop Highlights

- ◆ **Hands-on Training**
Skill training for diagnostic procedures viz Amniocentesis and CVS Procedure
- ◆ **Genetic Counselling**
Best practices and case discussions
- ◆ **Live Q&A**
Address your clinical challenges with experts
