FHERF PRESENTS CNE ON

## Power Hour: Excellence in 3rd Stage Management & Newborn Care

Strengthen your clinical skills in managing the critical moments after birth through expert-led sessions, simulation-based learning, and hands-on practice.

Designed for nurses, midwives, and maternity care professionals, this Continuing Nursing Education Workshop focuses on evidence-based approaches to third stage management and immediate newborn care. Through interactive learning, clinical simulations, case-based discussions, quizzes, and collaborative activities, participants will gain practical skills that can be directly applied in labour rooms and newborn care settings.

The workshop aims to enhance confidence in recognising complications early, improving maternal and newborn safety, and delivering respectful, high-quality care during the most crucial moments after birth.

### WHY ATTEND?

- Strengthen skills in Active Management of the Third Stage of Labour (AMTSL)
- Improve confidence in immediate newborn care and early identification of complications
- Learn evidence-based practices that improve maternal and newborn outcomes
- Participate in simulations, quizzes, treasure hunts, and interactive learning activities
- Build teamwork and clinical decision-making skills in maternity care settings

### WHAT YOU WILL LEARN

- Physiology of placental separation, haemostasis, and newborn transition
- Physiological vs active management of the third stage of labour
- Critical steps and evidence behind AMTSL
- Principles of immediate newborn care
- Timely interventions, monitoring, and complication recognition

### WHO SHOULD ATTEND?

- Nurses & Midwives
- Nursing & Midwifery Students
- Maternity & newborn care professionals

27 JUNE 2026

9 AM – 6 PM
